

Admissions

The local authority is responsible for all admissions.

This is the Link to DCC Admissions information:

Charging Policy

As part of your child's education, it is the policy of the school to arrange from time to time, educational visits during the school day, to places away from the school premises. Where admission charges to a venue are incurred parents will be invited to make a voluntary contribution to cover the cost of the visit. Transport costs for all educational visits are paid for by the school.

To assist parents, arrangements can be made for contributions to be paid over an extended period. Unfortunately, with all visits, if insufficient voluntary contributions are made the educational visit in question may need to be cancelled.
