

COVID-19 Additions to the Home School Agreement

Parents/ Carers

The return of the children to school means that we are creating extended family groups where we all have to trust each other and rely on the whole school community to ensure the safety of everyone.

In order to keep everyone safe both inside and outside of school

We ask that you

- Discuss the children's agreement with your child
- Adhere to social distancing guidelines as advised by the Government at all times both inside and outside of school
- Do not bring a child into school who is unwell
- Are available to contact at all times in case of your child becoming ill
- Only bring one adult who lives with the child to drop off and collect
- Use the one-way system on the pavements as suggested and not stop around the gates blocking access points
- Adhere to the social distancing spaces within the school
- Continue to use email or telephone for communicating with staff
- Are punctual and on time as being late will mean that children from different families are mixing putting children at risk
- Speak to your child about social distancing before they come into school and explain how important it is
- Familiarise your child with the new routines and procedures e.g. different classroom, different class teacher (all children will know and have worked with the adults in their class previously), so they are aware of any changes before coming back to school
- Send your child to school with a clean change of clothes each day
- Ensure your child wears shoes that they are able to fasten themselves
ie. velcro fastenings or slip on shoes - children must be able to fasten their own shoelaces if they have them
- Provide your child with a clean FULL water bottle to bring to school each day
- Be patient and smile if the child has a jumper/coat etc. on incorrectly as the children will have done it themselves

Anyone found not adhering to these important safety messages may trigger an individual risk assessment being completed on the child being in school and may result in the child not being able to attend.

Children

We are very much looking forward to seeing everybody back in school again and we know that you will be excited to see everybody too; however, in order to help everybody to stay safe, there are a few things you will need to do:

I will

Tell someone if I feel unwell

Use a tissue to Catch it, Bin it, Kill it

Wash my hands when entering school

Wash my hands before and after I eat my lunch, and every hour during lessons

Bring my own clean, full water bottle to school each day filled with water at home.

Not share equipment with others

Stay in my seat and not move around until the teacher says I can move

Ask permission to go to the toilet and will go with a member of staff.

Do my best to maintain a 2-metre distance from other children and teachers

Be patient when moving around school in order to maintain the 2-metre social distance

Listen carefully to all instructions given to me by an adult and will carry out those instructions when asked to do so

Say if I am worried about anything or I am not certain what to do

Keep my hands and feet to myself and keep all our other class and school rules

Come to school with a smile each day

The staff will discuss all the new routines with you on your first day back and go through this agreement.
