Dear Parent/carer,

Remote Learning during isolation

It is vitally important your child still receives their education whilst they isolate at home and we will endeavor to support you and your child as best we can.

To access Remote Learning, your child will require the following:

- A suitable device
- Internet connection
- Log in details for Teams and Seesaw
- Remote Learning Book

On the first day of isolation, the school office will ensure your child has the necessary equipment. Your child's class teacher will then be in touch to organise remote learning to start on day 2 of isolation. We do not expect your child to access remote learning if they are unwell, but it is important, we stay in touch throughout the isolation period.
